★ 'Certificate of Appreciation' will be awarded to all the students participating in MISE

★ Merit Certificate will be awarded to the students scoring 50%and above.

★ **For all subjects participation:**

Out of the 7 subjects, the best 5 subjects are taken into consideration while calculating the percentage. English, Science & Mathematics are compulsory and the remaining best 2 subjects will be chosen from the rest. for example: you get marks in Science- 80,english-90,Mathematics- 95, Computer-90, G.K.- 85, Social Studies-70,Art & Painting-60.The best 5 subjects will be English, Science, Mathematics(compulsory), Computer, G.K., Social Studies, where as Social Studies, Art & Painting left out.

So the percentage will be: $\frac{80+90+95+90+80}{5} \times 100 = \frac{440}{5} = 88\%$

★ **For others:**

If any students wishes to participate in less than 7 subjects the percentage will be calculate by taking the total no. of participated subjects into consideration. For e.g- A student takes any 3 subjects, then the percentage will be taken out of a total of 300.

Although the percentage & prize money is calculated on group wise average basis, but in the recommendation of schools any student want to participate in 2 or 4 subjects, then also he/she will considered for scholarship on ratio basis.

★ **Extra Bonanza:**

Participate in all the subjects and get the opportunity / chances to win :

- International/ National study trip
- Become "Minervaa Ambassador"
- Win scholar Award and many more....

ABOUT MISE

Minervaa International Scholarship Examination (MISE) is a very unique global standard assessment and scholarship service that serves a wide array of educational purposes. The assessment procedure commits to globally accepted standard of evaluation and is one of the best and comprehensive assessments for students. It also serves as a fundamental function to identify the student's skills in all the key learning areas. Conducted once a year, MISE sees to it that students benefit throughout the year. This test evaluates one's knowledge and understanding of varied subjects. Subjects covered in MISE are Mathematics, Science, English, General Knowledge, Computer skill, Social Studies and Art & Painting.

WHY MISE

- * Being a unique leader in assessments & scholarship examinations, MISE has set unparalleled standards in the assessment and scholarship examination space and its programs have been designed to match the global standards.
- * For standard and quality in our scholarship examinations, through MISE, Minervaa is associated with lots of government and private organisations.
- * MISE not only recognise meritorious students but also encourage average, below average and weak students to take part in the assessment test.
- * Each student is getting a complete analysis report based on their performance in each subject they opt for. The analysis report not only helps a student understand his/ her strengths and weaknesses on a particular subject but also help them organise their study pattern.
- * **An International/ National educational trip for top scorer.**
- * **We conduct workshops & seminars for the participants.**
- * **Once you are participating in MISE, at that time you are contributing some amount from your reg. fees for the education of underprivileged.**
- * Registering in all MISE subjects costs approximately Rs. 1000/- but the benefits in return are unlimited.
- * MISE is the one and only one scholarship examination which is acclaimed and appreciated by Central and State Govt.
